## 12. Application process

The Programme Country HEI will fill in the application form on behalf of its partner(s) and submit the form to its National Agency. The person who starts the application, need to have an EU Login registration. We encourage involving all partners in the application process, as the applicant will be asked to provide detailed information on their cooperation arrangements and on the wider impact of their mobility project.

### 12.1 Finding a partner

To find a partner, we recommend you look at current or past cooperation agreements your institution might have, either at the level of the institution (typically via the international relations office), or at the level of individual faculties.

#### Tips on choosing the right partner

The institution offers transparent descriptions of its programmes, including learning outcomes, credits, learning and teaching approaches and assessment methods;  
Its learning, teaching and assessment procedures are quality assured and can be accepted by your institution without requiring students to take any additional work or examination;  
Agreements may not only be made with institutions offering similar programmes, but also with institutions providing complementary programmes.

Quality of the project design and cooperation arrangements (once per application)

40 PTS

"Present the **different phases** of the mobility project and summarise what partner organisations plan in terms of **selection** of participants, the **support** provided to them and the **recognition** of their mobility period (in particular in the countries of your partner institutions) and explain how, for the planned mobility project, **responsibilities, roles and tasks** will be defined in the **Inter-institutional Agreement**."

Relevance of the strategy (per region included in the application)

40 PTS

"Explain why the planned mobility project is relevant to the **internationalisation strategy** of the higher education institutions involved. Present **previous experience** of similar projects with higher education institutions in the selected regions and countries, if any. Present the proposed **type(s) of mobility** (studies, traineeship, staff teaching or staff training), the subject areas and other specificities. If diverting, please detail the relevance of your strategy for different partner countries in the same region."

Impact and dissemination (per region included in the application)

20 PTS

"Explain the desired impact of the mobility project on participants, beneficiaries, partner organisations and at local, regional and national levels. Describe the measures, which will be taken to disseminate the results of the mobility project at faculty and institution levels, and beyond where applicable. If diverting, please detail the relevance of your strategy for different partner countries in the same region."

### Example for calculating short-term mobility grant

To plan 6 incoming learner mobilities : 2 long-term (each for 5 months) and 4 short-term mobilities (each for 20 days), calculation of the individual support would be:

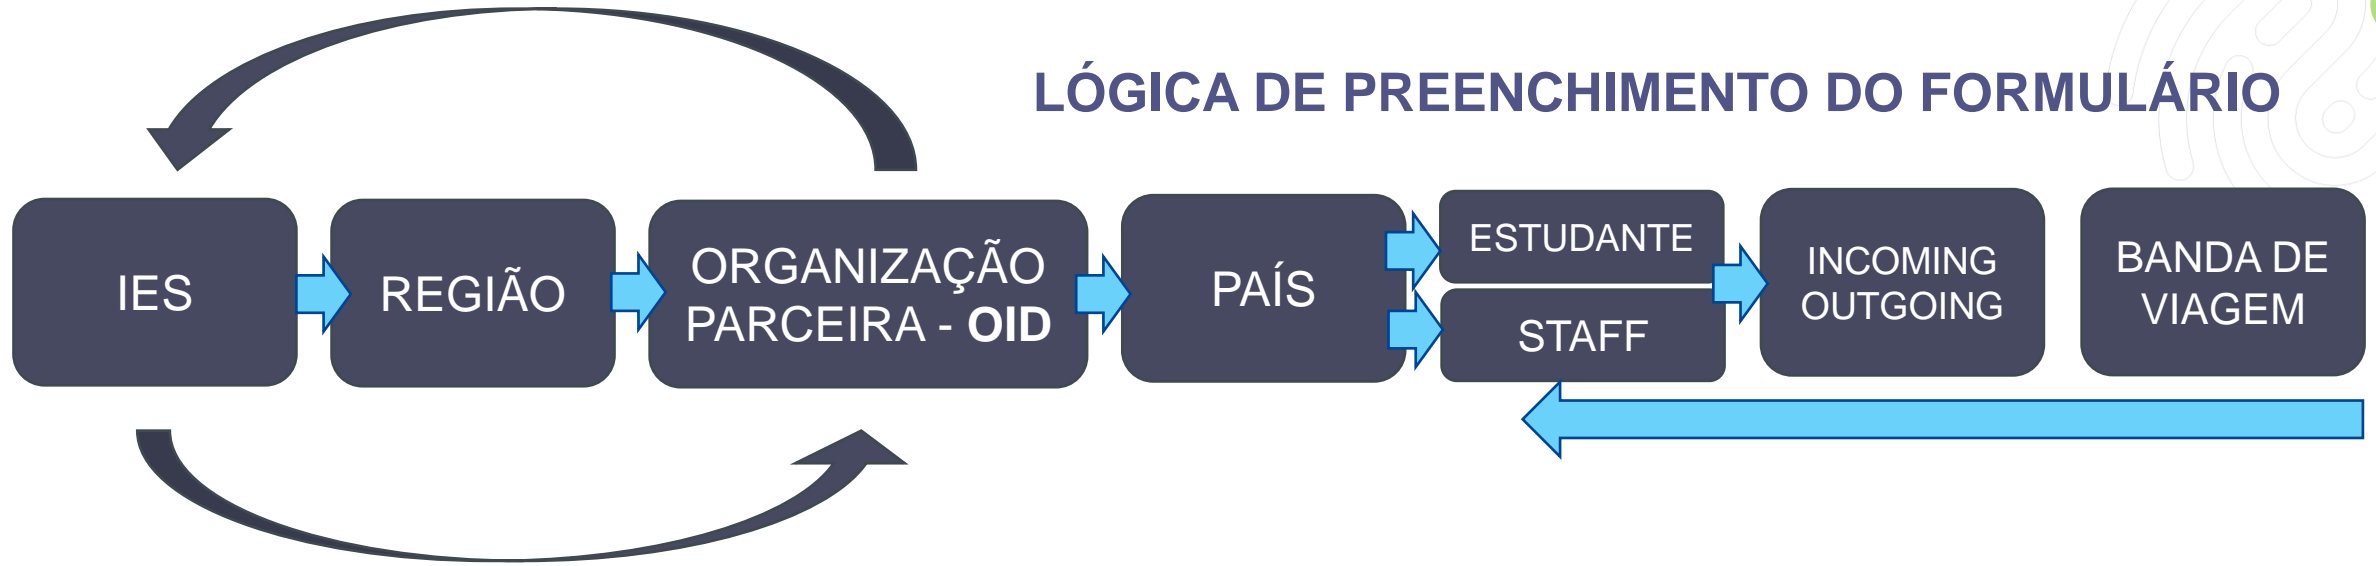

$$2 \times 800 \text{ EUR} \times 5 = 8\,000 \text{ EUR}$$

$$4 \times 14 \times 70 \text{ EUR} + 4 \times 6 \times 50 \text{ EUR} = 5\,120 \text{ EUR}$$

For the long-term, applicant fills in 2 mobilities for 10 months. For the short-term mobilities, applicant should request  $5\,120/800 = 6,4$  months (rounded upwards to 7 months to ensure enough funding).

In total, 6 mobilities for 17 months are encoded.

### EU Values

The Erasmus+ programme's implementation, and therefore, the programme beneficiaries and the activities implemented under the programme, have to respect the EU values of respect for human dignity, freedom, democracy, equality, the rule of law and respect for human rights, including the rights of persons belonging to minorities, in full compliance with the values and rights enshrined in the EU Treaties and in the EU Charter of Fundamental Rights.

Article 2 of the TEU: The Union is founded on the values of respect for human dignity, freedom, democracy, equality, the rule of law and respect for human rights, including the rights of persons belonging to minorities. These values are common to the Member States in a society in which pluralism, non-discrimination, tolerance, justice, solidarity and equality between women and men prevail.

Article 21 of the EU Charter of Fundamental Rights: 1. Any discrimination based on any ground such as sex, race, colour, ethnic or social origin, genetic features, language, religion or belief, political or any other opinion, membership of a national minority, property, birth, disability, age or sexual orientation shall be prohibited. 2. Within the scope of application of the Treaties and without prejudice to any of their specific provisions, any discrimination on grounds of nationality shall be prohibited.

#### Subscribing to EU Values

I confirm that I, my organisation and the co-beneficiaries (where applicable) adhere to the EU values mentioned in Article 2 of the TEU and Article 21 of the EU Charter of Fundamental Rights

I understand and agree that EU Values will be used as part of the criteria for evaluation of the activities implemented under this project
