Participating organisations 1 ?

To complete this section you will need your organisation's identification number (OID).  
If you already have an OID, please introduce it in this section.  
If you are not sure if you already have an OID, you can check here: [Organisation Registration System](#) ↗  
If you do not have an OID, you need to create one here: [Register New Organisation](#) ↗

My organisation plans to work with other supporting organisations that are not going to host our participants, but are going to help with the implementation of activities. \*

A supporting organisation is an organisation assisting your organisation in practical aspects of project implementation that do not concern core project tasks (as defined in the [Erasmus quality standards](#) ↗). Please note that hosting organisations that provide learning content and mentoring to your participants are not considered supporting organisations, unless they are at the same time supporting you in your other project management activities.

If you plan to work with a supporting organisation, you must declare it here. If you want to add a supporting organisation to your project later on during implementation, you will have to request a formal amendment of your grant agreement.

Supporting organisations

**Se pretender trabalhar com uma organização de apoio, deve declarar no formulário.**  
Se pretender, mais tarde, adicionar uma organização de apoio ao seu projeto, durante a implementação, terá de solicitar uma alteração formal (adenda) ao seu Contrato Financeiro.

## Organizações de apoio

Uma **organização de apoio** auxilia a **organização beneficiária** em aspetos práticos, logísticos e auxiliares da implementação do projeto, que incluem:

- pesquisar e propor (mas não decidir sobre a escolha de) organizações de acolhimento no estrangeiro;
- pesquisar e propor alojamentos e viagens;
- lidar com tarefas administrativas, como apoiar em procedimentos de aquisição de vistos;
- recolher informação sobre o sistema educativo nos países de destino;
- etc.

[Guia-para-trabalhar-com-Organizacoes-de-Apoio](#)

## Organizações de apoio

- Não podem participar na elaboração da candidatura (regras relativas à autoria e ao conteúdo original).
- Não podem realizar **tarefas essenciais** do projeto (conforme definido nas Normas de Qualidade Erasmus), sob pena de redução da subvenção ou rescisão do acordo de subvenção.

**As tarefas essenciais são da responsabilidade do beneficiário e incluem:**

- gestão financeira dos fundos do Programa;
- contactos com a agência nacional;
- elaboração de relatórios sobre as atividades realizadas;
- decisões que afetem diretamente o conteúdo, a qualidade e os resultados das atividades realizadas (tais como a escolha do tipo de atividade e a sua duração; a seleção da organização de acolhimento; a definição e a avaliação dos resultados da aprendizagem, etc.).

### ALERTAS

- ❑ As organizações de apoio não são organizações de acolhimento.

Uma organização de acolhimento recebe participantes e organiza atividades de aprendizagem. Caso realize tarefas adicionais (logísticas e administrativas, como descrito atrás), então, deve ser indicada como organização de apoio, nesta candidatura.

- ❑ Em caso de má implementação das **normas de qualidade** devido ao envolvimento de organizações de apoio, a AN poderá solicitar que deixe de receber assistência para determinadas tarefas e que as execute por conta própria.

## Normas de qualidade

**Princípios básicos**

**Prioridades do Programa**

**Boa gestão das atividades de mobilidade**

**Gestão financeira zelosa,  
transparência, cumprimento do  
contrato**

**Providenciar qualidade e apoio aos participantes**

**Preparação, logística,  
monitorização, avaliação e  
reconhecimento**

**Partilhar resultados e conhecimento do programa**

**Disseminação, sustentabilidade**

# Organizações de apoio

✖ Participating organisations 1 ?

If you receive a project grant, then this grant is for your organisation. A supporting organisation can assist you with practicalities, but it cannot take over the running of the project and it cannot have access to any Erasmus+ IT system on your behalf.

Supporting organisations cannot take part in the drafting of this application, including the justification for their participation. If an organisation that would like to assist you as a supporting organisation provides you with a ready-made text for you to insert in this application form, please be aware that your National Agency might refuse your application entirely based on rules on authorship and original content.

In case of poor implementation of quality standards due to involvement of supporting organisations, your National Agency may request that you stop receiving assistance for certain tasks and that you implement them yourself. Breaching the rules on core tasks is a serious offence and can result in your grant being reduced or your grant agreement being terminated.

Please identify the planned supporting organisations here. You need to use an Organisation ID to identify the supporting organisation.

ⓘ If you have indicated that you will be working with a supporting organisation, you must name that organisation here. Otherwise, please reply 'No' to the question above.

+ Add Supporting Organisation

What tasks will the supporting organisations perform in your project? Note: only tasks listed below can be taken up by supporting organisations. Delegation of any other tasks will be considered a serious breach of Erasmus+ rules and quality standards, leading to the reduction of the project grant, termination of the project, or further consequences for accredited beneficiaries. \*

Please select...

- Identificar as tarefas a realizar pela Organização de apoio.

Why do you need the support of supporting organisations to complete the tasks indicated above? \*

Please complete...

- Apresentar argumentos sólidos para explicar por que razão será melhor incluir Organizações de apoio do que realizar as mesmas tarefas por conta própria.

2000

- confirm that only the tasks indicated above will be delegated to supporting organisations.
- have read and understand the rules on core project tasks in the Programme Guide and in the Erasmus quality standards.
- confirm that the declared supporting organisations have been selected in compliance with the requirements on best value for money when using EU grants.
- understand and accept that my project can be terminated and the grant reduced in case of failure to comply with these rules.

## Definição de objetivos

**SMART é uma metodologia para definir objetivos** de forma clara e eficaz.

### Significado de SMART em português:

- ❑ **Específico** (*Specific*): deve ser claro e preciso, evitando ambiguidades.
- ❑ **Mensurável** (*Measurable*): deve ser possível quantificar o progresso do objetivo, com indicadores de desempenho (quantitativos e/ou qualitativos).
- ❑ **Atingível** (*Achievable/Attainable*): deve ser realista e alcançável com os recursos disponíveis.
- ❑ **Relevante** (*Relevant/Realistic*): deve ser importante e estar alinhado com os objetivos do setor ao qual se candidata.

## Definição de objetivos | Exemplo

<b>Objetivo</b>	<b>Aumentar em 10% o nº de alunos com aproveitamento nas disciplinas de línguas estrangeiras, em todos os ciclos de ensino do agrupamento, no ano letivo seguinte à implementação do projeto.</b>
<b>Explicação</b>	<p>Foi identificada uma diminuição do aproveitamento nas disciplinas de línguas estrangeiras, nos últimos 4 anos.</p> <p>Particularmente no ensino e aprendizagem de línguas estrangeiras, a inovação de métodos curriculares é uma prioridade do nosso projeto educativo. Assim, torna-se relevante proporcionar, aos docentes, oportunidades de aprendizagem de novos métodos pedagógicos. Uma experiência de mobilidade pode contribuir para responder a esta necessidade.</p>
<b>Medida de progresso</b>	Resultados das avaliações obtidas pelos alunos, nas línguas estrangeiras.

Activities 1 ?

Group mobility of school pupils

In this part of the application form, you need to create a list of participants and groups of participants that you plan to involve in Group mobility of school pupils. These details will serve to assess your proposal and to calculate the needed budget.

The proposed planning should give a realistic representation of what you intend to implement. Of course, all plans must evolve. During implementation you will be allowed to change details such as destinations, the number of participants and duration of activities, as long as you continue working towards the same objectives.

The purpose of this section is to calculate the budget needed to implement your planned activities. You can use the button below to read the detailed funding rules and better understand the calculations below. The section introduces an important new concept: 'Mobility flow'. A mobility flow is a participant or a group of participants going to the same destination for the same duration of time and with same arrangements. If some participants going to the same destination need to have different arrangements (for example, different travel distance or mode of travel, different duration, Blended mobility activities, etc.) then you should split that mobility flow into two or more separate ones to be able to specify the differences. It is allowed to have more than one flow going to the same destination.

The information that you provide in this table will be automatically copied in the budget details. You can come back to this table at any point in case you want to change the data or separate a mobility flow into two.

Organisational support covers various costs directly linked to the implementation of mobility activities and not covered by other cost categories..

This includes preparation (pedagogical, intercultural and other), mentoring, monitoring and support of participants during mobility, services, tools and equipment needed for virtual components in blended activities, recognition of learning outcomes, sharing results and making the European Union funding visible to the public.

Please keep in mind that organisational support covers costs incurred by both sending and hosting organisations (except in the case of staff mobility for courses and training). The grant should be shared between the two organisations according to their tasks and expenses.

Preparatory visits

You can set up a preparatory visit to your hosting partner before the mobility takes place.

However, please keep in mind the relevant provisions of the Programme Guide: preparatory visits must have a clear reasoning and must serve to improve inclusiveness, scope and quality of mobility activities. For example, preparatory visits can be organised to better prepare mobility of participants with fewer opportunities, to start working with a new partner organisation, or to prepare longer mobility activities.

You can receive funding for a maximum of three persons per preparatory visit.

Inclusion support

Inclusion support covers various costs related to the organisation of mobility activities for participants with fewer opportunities.

Support is provided in two forms: inclusion support for organisations and inclusion support for participants. Inclusion support for organisation is a fixed sum per participant intended to cover administrative and other minor costs. Inclusion support for participants covers 100% of any actual cost linked to the participants with fewer opportunities and their accompanying persons. For example, this can include hiring assistants or translators, as well as costs related to travel and subsistence if the standard grants for these categories are not sufficient to cover the costs. In the latter case, the full amount of travel and subsistence costs should be requested through Inclusion Support.

*Organisational support*

Organisational support covers various costs directly linked to the implementation of mobility activities and not covered by other cost categories..

This includes preparation (pedagogical, intercultural and other), mentoring, monitoring and support of participants during mobility, services, tools and equipment needed for virtual components in blended activities, recognition of learning outcomes, sharing results and making the European Union funding visible to the public.

Please keep in mind that organisational support covers costs incurred by both sending and hosting organisations (except in the case of staff mobility for courses and training). The grant should be shared between the two organisations according to their tasks and expenses.
