

EUROPEAN UNION

Erasmus+

Enriquecer vidas, alargar horizontes.

The best ideas in the world were all born in a garage.

Let's build the garage of the Erasmus Generation!

EUROPEAN UNION

Erasmus+

Enriquecer vidas, alargar horizontes.

Who we are

Based in Milan, Vicenza and Brussels, garagErasmus Foundation (gE) was founded in 2012 as a creative hub for the Erasmus Generation, aiming to support the shaping of a new Europe.

Our mission

gE's mission is to improve the lives of people who have gone through international study or work experiences by enabling them to access opportunities that could make their careers more impactful for the European community.

What we do? How do we achieve our goals?

Foundation members: Higher Education Institutions

Our member HEIs have the chance to expand their international network to improve mobility and education, embark on EU projects and give their students the opportunity to launch innovative ideas.

gE4Cities

The members of the Erasmus Generation across Europe set up local garagErasmus associations – the gE4Cities - which serve as local anchors organizing independent events to promote international mobility and education.

Public/private entities

Over the years, gE collaborated with many private companies, public entities and organizations that partnered with us on projects and events, contributing the promotion of mobility and skill development.

ErasMag

The first European platform made by and for Erasmus students and alumni!

The first English newspaper portal dedicated entirely to Erasmus students. It will feature service information about European cities and showcase stories and experiences.

TO BE LAUNCHED IN JANUARY 2025!

EUROPEAN UNION

Erasmus+

Enriquecer vidas, alargar horizontes.

ERASMUSNESS

To recognize Erasmus mobilities as micro-credentials

Each year, over 300,000 participants gain valuable soft skills through Erasmus Mobility programs. The **ERASMUSNESS** project ensures these skills are formally recognized as micro-credentials, highlighting their importance for personal and professional growth.

By providing participants with digital badges that validate their soft skills, the **ERASMUSNESS** project goal is to ensure that soft skills achieved during Erasmus mobility are formally recognized and can be showcased in the **job market**.
